PRELIMINARY AMENDMENT

Sir:

In response to the Final Office Action dated June 25, 2002, please enter the amendments and consider the remarks below. Submitted herewith are: 1) a Petition for an Extension of Time for two (2) months from September 25, 2002 to November 25, 2002 with the fee by credit card; 2) a Request for Continued Examination and 3 month suspension of prosecution with fee; 3) fee transmittal; 4) Credit Card Form; and 5) Certificate of Express Mail.

IN THE CLAIMS:

Please amend the claims as follows:

C1  
1. (twice amended) A method for conferring resistance or tolerance to a furovirus, potyvirus, tospovirus or cucumovirus upon a plant cell comprising the step of: introducing into a plant cell a sense RNA fragment of a furovirus, potyvirus, tospovirus or cucumovirus genome or portion thereof and an antisense RNA fragment of said furovirus, potyvirus, tospovirus or cucumovirus genome or portion thereof, wherein said sense RNA fragment and said antisense RNA fragment form a double-stranded RNA molecule, and wherein the expression of said viral genome or portion thereof in said cell is reduced.

C2  
12. (twice amended) A method for conferring resistance or tolerance to a furovirus, potyvirus, tospovirus or cucumovirus upon a plant cell comprising the step of: introducing into a plant cell a first DNA sequence capable of expressing in said cell a sense RNA fragment of a furovirus, potyvirus, tospovirus or cucumovirus genome or portion thereof and a second DNA sequence capable of expressing in said cell an antisense RNA fragment of said furovirus, potyvirus or
